RoHS Directive 2011/65/EU Material Composition Declaration

The following statement contains information on the status of PC Specialties, Inc. compliance with the EU "ROHS" regulation Directive 2011/65/EU (also known as RoHS II). Based solely on composition information provided by our raw material suppliers on their Safety Data Sheets and/or Material Safety Data Sheets and/or composition information provided by our raw material suppliers on their Material Composition Declarations and without having conducted any independent research, testing or evaluation, to our actual knowledge, the product(s) manufactured at PC Specialties, Inc. comply with Directive 2011/65/EU.

The directives state that products must not contain:

- Cadmium in excess of 100 parts per million (ppm)
- Mercury in excess of 1000 ppm
- Lead in excess of 1000 ppm
- Hexavalent chromium in excess of 1000 ppm
- Polybrominated biphenyls (PBBs) in excess of 1000 ppm
- Polybrominated diphenyl ethers (PBDEs) in excess of 1000 ppm
- Bis(2-ethylhexyl) phthalate (DEHP) in excess of 1000 ppm
- Benzyl butyl phthalate (BBP) in excess of 1000 ppm
- Dibutyl phthalate (DBP) in excess of 1000 ppm
- Diisobutyl phthalate (DIBP) in excess of 1000 ppm

The EU added four phthalate substances to the RoHS Directive published June 4, 2015. The new phthalate restrictions take effect July 22, 2019 for all EEE except category 8 (medical devices) and category 9 (monitoring and control instruments). Category 8 and 9 products must comply by July 22, 2021.
